# MEDIA RELEASE

FOR IMMEDIATE RELEASE – MONDAY JANUARY 14 2008

---

## \$1000 opportunity for Gold Coast Residents

Viewing the latest RSL Art Union prize package at Oxenford on Saturday January 19 will give Gold Coast residents the chance to win \$1,000.

The unique prize package offering a complete luxury lifestyle and an enviable investment portfolio, includes a water front house, a luxury unit and two Audi cars.

Local residents will receive a postcard by mail with a unique number and if this number matches the number recorded at the Prize Home, then they take home \$1,000.

RSL Art Union General Manager George Mialkowski says he hopes that one lucky winner will walk away with the cash when it is drawn on Saturday January 19.

"It is so easy to win; simply take your prize postcard when viewing the \$1 million luxurious lakefront residence and the \$1,000 could be yours," Mr Mialkowski said.

"There is also two chances to win in a second chance draw with prizes of an annual family three park super-pass for Movie World, Sea World and Wet and Wild, valued at over \$1000 and another prize of \$500 cash," he said.

The Prize Home is located at 35 Brittany Drive, Oxenford and will be open to the public from 9am- 5pm (7 days a week) from Wednesday January 16 2008.

Gold Coast residents should keep an eye on their letterboxes this week.

This never before offered combination of prizes, including a house, unit and two cars, is drawn 5 March 2008.

Secure your tickets now by calling 1300 775 888 (within Australia) or order tickets online [www.rslartunion.com.au](http://www.rslartunion.com.au)

Celebrating over 50 years of community support, the RSL Art Union has given away \$80 million in prizes and has contributed over \$90 million for the development and maintenance of RSL nursing homes, retirement complexes as well as providing welfare and advocacy for ex-servicemen and women.

- 1 x A4 2L Multitronic Sedan Special Edition

# PROPERTY STATISTICS

## Oxenford

Over the last five years house prices at Oxenford have risen by 17 per cent per annum, rising from just \$195,000 back in 2002 to \$420,000 by October this year. Even during the 'post boom' slump when there was minimal price growth in the market, Oxenford medians continued to show impressive increases. The growth in the market is partly due to new prestigious housing being introduced to the area, and also to the strategic location of Oxenford which provides very efficient access to the M1 Motorway, proximity to several world class golf courses and the suburbs long frontage with the Coomera River.

The riverside areas of Oxenford are attracting premiums well and truly above the general market. There are only thirty-five absolute waterfront housing lots at Oxenford, highlighting the scarcity of 'wet blocks' along the Coomera River. During 2007 the first Oxenford home to break the million dollar mark sold along Brittany Drive, setting a new benchmark for the suburb. Only five riverfront homes have sold over the last two years, as these properties very rarely come onto the market.

## Southport

The Southport unit market is one of the most successful and long standing medium to high density markets on the Gold Coast. Over the last five years, the median price of Southport units have increased by 16 per cent per annum. In 2002 the median unit price was \$155,000, rising to \$325,000 by September 2007 - an increase of \$170,000 during this five year period. Price growth flattened between 2004 and 2006, but since 2007 a new growth cycle has commenced, with prices up by nine per cent over the last year.

Over the last several years Southport has returned to the spotlight, with developers targeting this area for new prestigious unit developments. The area is very appealing to investors due to Southport's central location, the high demand for rental accommodation and history of capital growth in the market. According to Queensland's Rental Tenancies Authority, weekly rental rates for one bedroom units at Southport have increased by nine per cent over the last year.
